NEWBRO'S HERPICIDE SAVES WORRY, SAVES MONEY, SAVES THE HAIR

If you want to free your head of dandruff and stop falling hair, you must sooner or later resort to Newbro's Herpicide.

By using Herpicide first you save yourself worry, which is desirable, you save money, which is a consideration, and you save your hair, which is the most important of all.

Why not profit by the experience of Mrs. S. A. Lee, of 119 South 4th St., Richmond, Va., who writes:

"Four years' residence in India ruined my hair until it was but two inches long and very thin. I tried everything in Europe and America without benefit until I was induced to use Herpicide. My hair is now long, soft and silky and natural color, while before it was quite gray. My friends never tire of admiring my hair."

WOMAN FOUND DEAD IN PULLMAN BERTH

Mrs. C. C. Don Carlos of Sapulpa, Okla., died of heart failure at an early hour yesterday morning, while en route from Mountain Air, N. M., to her home. Mrs. Don Carlos went to Mountain Air several weeks ago for the benefit of her health.

She started on the homeward journey Monday night, accompanied by her son-in-law, E. L. Cox. Mr. Cox stated that he was up for the greater part of the night in attendance on the sufferer, who sunk into an easy sleep just before daylight. He retired in belief that she was resting quietly. Rising less than an hour later, he repaired to the berth of Mrs. Don Carlos, only to discover that death had come during sleep. The discovery was made about 29 miles north of Clovis.

The remains were brought to Amarillo and removed to the Eakle establishment, where they were prepared for shipment to the home at Sapulpa this morning.

Mrs. Don Carlos was 62 years of age, and had been in failing health for some time. She was a descendant of the early Castilian colonists of the southwest.

A husband and four children, three daughters and two sons, survive her.

COUNTY JUDGES HERE FOR MEETING TODAY

Beginning at 9 o'clock this morning in the county court room, the meeting of the county judges and commissioners of the Panhandle, held pursuant to call by Judge W. M. Jeter of Potter county, will open for the express purpose of perfecting organization of a permanent organization to be known as the Panhandle County Judges and Commissioners' Association.

It is the purpose of this organization, as stated in The News more than a month ago, to give concerted attention to enactments of the state legislature, and to wield a district influence upon the shaping of future legislation. Other matters, designed to promote the mutual welfare of the individual members, will be considered.

At today's meeting initial organization will be perfected, and officers will be chosen for the year. Arrival of a number of Panhandle county officials last night and an anticipated addition of others today evidences the marked interest which is manifest in the organization meeting.

Among the arrivals noted yesterday afternoon were Hon. W. P. Hendrix, judge of Swisher county; W. B. Lewis, judge of Hale county, and Commissioners W. N. Claxton and W. J. Espey of Hale county.

WINNERS SCORE HIGH IN TROOP BY SHOOT

As a result of the competitive target shoot, in which members of Troop B, Texas National Guard, of Amarillo, had part, Sergeant Harry Gay, Conner and O. E. Hensley, of Canyon, made high score, and will enter as representatives of the local troop the state competition at Austin on May 23.

Others who will compete in the state event are Expert Marksmen Golding, Kirkman, Malone and Ridings. Winners in the big meet will represent the Texas National Guard in the national target competition at Camp Perry during the incoming summer.

Approximately a dozen entered the contest under the auspices of Troop B and excellent individual scores were made. Interest in the state meeting is keen, and it is predicted that at least one of the representatives of Troop B will qualify for entrance at Camp Perry.

LOCKJAW IS FATAL TO YOUNG WASHBURN BOY

Lockjaw in acute form, resulting from a splinter in the foot, caused the death of young Boyd Stewart, aged nine years, son of Mr. and Mrs. W. B. Stewart of Washburn, who expired last night about 10:30 o'clock in St. Anthony's Sanitarium.

About ten days ago the boy ran a splinter into his foot, lockjaw in violent form manifesting itself Sunday night. The sufferer was brought to Amarillo Monday morning and carried to the sanitarium for treatment. His condition at that time was critical, and all efforts to provide relief proved futile.

The parents, two brothers and two sisters, survive him.

The remains will be shipped by the Eakle establishment this morning to Claude, where funeral services will be held at the home of Mrs. B. C. Caleb, interment following.

THIS IS LAST DAY FOR TAX RENDITION

Today marks the last day under the law's regulations on which property holders may render their holdings for assessment to the county tax assessor.

Assessor George Williams and Deputy H. E. Kinkead stated yesterday afternoon that the work of assessment had practically covered all the city and county, and that but few property owners remain to be entered on the rolls in required order.

These few, however, are urged to make rendition today, in order that the possibility of going on the un-rendered rolls may be obviated.

"Practically all the assessable have been reached," said Deputy Kinkead yesterday. "Only a few remain to be assessed. We would like to have all listed before the expiration of the time set by law tonight."

A Want Ad in the Daily News will rent that vacant room or house.

INQUIRY FROM GERMANY CONCERNING PANHANDLE

An inquiry from C. B. Harreman of Stuttgart, Germany, relative to the resources and advantages of the Amarillo country, shows just how far the right sort of publicity will go, and calls renewed attention to the need of a steady and energetic campaign of advertising for this favored section.

The inquiry from Germany reached Secretary Holman of the Chamber of Commerce yesterday. Mr. Harreman asked for further information and literature relative to this section and stated that it was not improbable that a colony of German farmers might be brought here if conditions are appealing.

The desired information will be dispatched to the inquirer at an early date.
